Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Friday 09 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry for most overnight. Rain approaching southern areas by morning.

This Evening and Tonight:
Turning dry through the evening for most, but showers may linger in eastern areas for a while longer. Largely dry but cloudy overnight, with rain approaching southern areas towards dawn. Minimum temperature 13 deg C (55 deg F).

Saturday:
Patchy rain will affect southern areas initially, with showers developing in northernmost areas through the morning, some of these heavy with risk of thunder. Dry elsewhere, with some sunny spells. Maximum temperature 21 deg C (70 deg F).

Outlook for Sunday to Tuesday:
A continued mixture of sunny spells and showers, with some sunny spells. Still, an isolated risk of hail and thunder remains. The heaviest and most frequent of these on Monday.
